Where to Assignment  
The brain must always be hydrated. So, when the body lacks water, it must regulate itself in such a way so as to supply adequate water to the brain. This entails limiting the loss of water in other areas of the body.

### Water at Office Depot OfficeMax

The pretty pictures and superlative language on the labels of bottled waters can sometimes be misleading. One famous example is the now defunct Alaska Water, which stated on the label, "Alaska Premium Glacier Drinking Water: Pure Glacier Water From the Last Unpolluted Frontier," and came from one of the municipal water supplies in Juneau.
