Human development is a continuous process that begins when an ovum is fertilized by a sperm. Cell division, growth, differentiation, and even cell death, transform the fertilized ovum into a multicellular human being.

## **Human development (Book, 1998) [WorldCat.org]**

Human growth is far from being a simple and uniform process of becoming taller or larger. As a child gets bigger, there are changes in shape and in tissue composition and distribution. In the newborn infant the head represents about a quarter of the total length; in the adult it represents about one-seventh.
