Canada. They each contain helpful information about each species and recommendations for where to place the nesting boxes so they are both safe and attractive for the birds.

### **Bing: Nest Box Plans For The**

There is no standard, accurate design for a nestbox. Birds do not insist on their nest sites being mathematically precise! What they do require is a nest site which is secure and weatherproof, and as safe as possible from predators. So, make the box to suit the materials available, rather than buying materials to match any given dimensions.

### **20 Free Plans To Build Chicken Nesting Boxes on Budget**

The box has three nesting boxes, but you can easily make it smaller or bigger by studying the plans below and making the proper modifications. This box can be attached to an existing chicken coop or wood shed .
