Mullard Magic for all your vintage radio & valve needs ...

It was at this point that Stanley sold half his shares in the Mullard Radio Valve Company to Philips in Eindhoven, Netherlands. The injection of enormous capital from Philips made possible the construction of a new factory in Blackburn—this became the largest and most advanced tube works in the world. When the factory opened its doors in 1938, the new site employed only 28 staff, but by 1945 this grew to about 3,000 and by 1954 the site was producing half a million tubes a day.

Mullard - The Cable Company

This Mullard branded CV4004 / M8137 is a ruggedized version of the 12AX7 preamp tube. The box plates are immediately discernible from other 12AX7

variants. This makes for a more bold and upfront soundstage while retaining that famous Mullard smoothness. Made in Great Britain for the English Military, the CV4004 / M8137 is one of the best 12AX7 variants you can use for any type of audio.

Mullard - Wikipedia

The Mullard Radio Valve Co. Ltd was founded in 1920. In 1923, to meet the huge consumer demand in electronics Mullard entered an agreement with Philips of Holland and by 1926 Philips bought Mullard and established one of the greatest valve manufacturing companies in world history.

A brief history of Mullard - The Valve Museum

In September 1920, Mullard established the Mullard Radio Valve Company. The company moved to Hammersmith in 1921, followed by a move to Balham in 1923. Mullard ended up owning 6 factories. He said that all his money came from royalties from valves and other patents. In 1925, Mullard sold half the shares in the Mullard company to Philips, with the remainder of the company being acquired by Philips in 1927. Mullard remained as managing director of the Mullard company until his resignation in 1930.

Mullard - The Valve Museum

Radio valve manufacturers, of Mitcham 1920 The Mullard Radio Valve Co Ltd. of Southfields, London, was founded by Captain Stanley R. Mullard,, who had

previously designed valves for the Admiralty before becoming managing director of the Z Electric Lamp Co. Mullard's new company had significant financial backing from the Radio Communication Co. Ltd who were interested in having a competitor to the Marconi monopoly in marine radio.
